INTRODUCTION

The Small case is used for the nail materials and their accessories storage and transporting. The Small case is great help if you are going to educations, trainings or when you have to take only a few things with you. With its increased height our 40-100ml products can fit in easily, but the new 250ml Crystal lotions not a problem either. You can easily organize your goods with its adjustable dividers. Thanks to its lower and upper plastic cover, you can quickly remove the sticky contaminations. With its 4pcs feet it has a great stability.

USAGE and SAFETY

- [1.] The product and its accessories can be used indoors and outdoors between 0 ~ 40 ° C.
- [2.] Always check the product and its accessories intact condition before use.
- [3.] Only use the product with its original accessories.
